NEWSLETTER

Researching new travel products FOR YOU

This month we are looking to you our faithful readers to tell us how we can help you in the future.

As a Vietnam DMC, we cover many things for our travel agents and partners, including airline ticketing, groups, FIT and MICE travel. In addition, we are exploring new experiences and travel products that we think your travellers may enjoy when we are all free to travel again.

Since the Pandemic, we have been working hard behind the scenes updating our website, developing our technology platform to make bookings more streamlined, and researching new products as they come on line in readiness for when the doors open up.

If you could spend just 2 mins to complete the attached survey here we would be very appreciative.

We thank you most kindly for your assistance with this survey. Should you require any further information about our upgrades and how they may benefit your business please don't hesitate to contact us sm@itsvietnam.com
